

## OCALA OCCURENCES

Mr. J. H. Strunk is home again after spending some time in Anthony.

Laurie Benjamin left this afternoon to resume his studies at St. Leo College.

Mr. O. H. Rogers is a prominent representative of Lynne in our city today, combining business and pleasure.

Fresh shipment of Norris' famous PEANUT BRITTLE received every few days at the Court Pharmacy. tf

Mr. E. K. Nelson of Tampa left yesterday after a few days spent in Ocala and vicinity looking after business affairs and greeting his friends.

VEGETABLES, MILK AND EGGS from our own farm daily. Open night and day. Merchants Cafe. tf

Mr. Lucius Liddell will return to his home in Savannah tomorrow after a visit of a week or more with his father and family at Santos.

Mr. Robert Ferguson was a professional visitor to our city today from Reddick, where he has recently located and is building up a splendid practice.

A full line of loose leaf ledgers, note books and memorandums all ways on hand at Gerig's.

Mr. Jim Johnson has christened his pretty launch recently purchased, "Minnie," and is playing the roll of royal host to scores of his friends. Mr. Johnson's new possession is a beautiful little craft with carrying capacity of twelve passengers and plenty of foot room to spare.

Mr. C. C. Rawls of Lake City, who has large interests in Ocala, was in town over night. He was out in the contested precincts all day yesterday, working against Bloxham, and returned to the battlefield this morning. Mr. Rawls says that Lake City is a good, solid town, and the country around it has splendid crops of cotton and other staples.

Mrs. Minnie Bostick opened the doors of her millinery establishment this morning and while not quite ready for the fall and winter opening she is putting on display many pretty creations dear to the feminine fancy. Mrs. Bostick's former friends are extending to her a most cordial welcome after an absence of nearly a year.

Fresh shipment of Norris' famous PEANUT BRITTLE received every few days at the Court Pharmacy. tf

### BELLEVUE BOYS

#### WANT ANOTHER GAME

Manager Hunter of the Ocala baseball team has notification that the Bellevue nine will be here Thursday for a game. Bellevue beat our boys the last time, and will do it again if our players don't get a move on themselves.

### ORGANIZED ANOTHER BOARD OF TRADE

Secretary Rooney went to Tavares yesterday, called there by the business men of the Lake county capital to organize a board of trade. Mr. Rooney is a past master at this work. He says there was a most enthusiastic meeting and fifty members enrolled.

### A SUCCESSFUL FISHING TRIP

Messrs. R. E. Yonce, L. E. Yonce, R. L. Chamberlain and Walter Yonce returned at noon today from their fishing trip to Lake Bryant. They caught a large number of trout, among them being two almost record breakers, weighing 10 and 12 pounds respectively. While a famous place for fish, we are told that large ones are not often caught in Lake Bryant. As Mr. Chamberlain came all the way from Jacksonville to fish, he was exceedingly proud that it fell to his lot to kill both of the big fellows.

Jim Johnson says that yesterday was surely one unlucky thirteenth for him. He went down in the southwest of the county in his car, and when four miles out of town found his top on fire. He had three other mishaps during the day, and came into town late in the evening on the rims.

Passing by the city stables this morning, a Star reporter noticed a large number of barrels of asphaltum, the material used for oiling the streets, standing out in the sun, the asphaltum oozing out of the barrels and rapidly going to waste. This stuff cost several hundreds of dollars and will be needed on the streets. The attention of the chairman of the street committee is called to the matter.

### THE THURSDAY HALF HOLIDAYS WILL CONTINUE

Beginning the first of April the merchants agreed to close their places of business at 12 o'clock on Thursdays in order to give their help a half holiday. A petition was circulated today, asking the business men to continue this arrangement thru September, with the result that all have agreed to it. The following firms have signed the continuation agreement:

C. Rheinauer & Co., H. A. Waterman, H. B. Masters Co., Hayes & Gwynn, Marion Hardware Co., E. T. Helvenston, Geo. A. Nash, Counts Grocery Co., O. K. Teapot Grocery, A. E. Burnett, Smith Grocery Co., Theus Bros., B. Goldman, J. Malever, M. Fishel & Son, Marcus Frank.

### EPWORTH LEAGUE BUSINESS MEETING AND SOCIAL

After the business meeting those present spent a very pleasant hour or more together. A guessing contest held away among the leaguers for ten minutes (time limit), Miss Ada Colby winning the prize, she having the most correct paper.

Fruit punch and chocolate cake were served by Mrs. J. M. Gross and Misses Mamie and Sara Gross. After the refreshments the young people lingered awhile in song and social exchange. The Misses Gross delighted those present with several selections, both piano and vocal.

### BILIOUSNESS AND CONSTIPATION

It is certainly surprising that any woman should suffer from the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peek, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.

Sufficiently Humbled. Mrs. Mellen did not wish to offend her new cook.

"John," she said to the manservant, "can you find out without asking the cook whether the thinned salmon was all eaten last night? You see, I don't wish to ask her because she may have eaten it, and then she would feel uncomfortable," added the good soul. "If you please, ma'am," replied the man, "the new cook has eaten the thinned salmon, and if you wish to say anything to her you couldn't make her feel any more uncomfortable than she is."—Christian Register.

### THE NEXT BEST THING TO THE PINE FOREST FOR COLDS IS—

Dr. Bell's Pine-Honey-Tar which goes to the very foot of cold troubles. It clears the throat and gives relief from that clogged and stuffed feeling. The pines have ever been the friend of man in driving away colds. Moreover, the pine-honey qualities are particularly effective in fighting children's colds. Remember that a cold broken at the start greatly removes the possibility of complications. 25 cents. No. 1.

Too Long to Be Entirely Valid. Oliver Knox read some published letters in a breach-of-promise suit, and laughed. "This idiot wrote to the girl that he would love her always," he commented. "Now I contend that 'always' is the longest word in the dictionary, and no wise man ever uses it." "No," retorted his discerning wife, "and no wise woman would believe him if he did."

### A WONDERFUL ANTISEPTIC

Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c, 50c. The \$1 size contains six times as much as the 25c. No. 1.

### Modern Statesman.

"You'll have some explaining to do when you get home, won't you?" "No," replied the member of congress. "I'm not going to explain. I'm going to let my constituents argue matters out among themselves and then take the side that seems to have the most advocates."—Washington Star.

### WORTH THEIR WEIGHT IN GOLD

"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizzy spells and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. They are worth their weight in gold," writes Miss Clara A. Driggs, Elba, N. Y. Obtainable everywhere.

Have you tried those delicious Maxie cherries? 50 cents per pound, at Gerig's. tf

### Sons in China.

In China one can always borrow money on the strength of having a son, but nobody would advance a penny to the man if he had a dozen daughters. The sons are responsible for the debts of their fathers for three generations, while daughters are responsible only for the debts of their own husbands.

### An Artist.

"Your son, sir, has a very effective touch." "So he's been borrowing from you too?"—Baltimore American.

### HEALTH AND HAPPINESS DEPEND UPON YOUR LIVER

That sluggish liver with its sluggish flow of bile is what makes the world look so dark at times. Dr. King's New Life Pills go straight to the root of the difficulty by waking up the action of the liver and increasing bile. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "moody days." 25c. a bottle. No. 1.

## GREAT OCCASION AT THE WISSAHICKON GROVE

(Continued from First Page)

Your correspondent closed the day's enjoyment, first by reading a number of announcements of box parties, cemetery workings and subject of Rev. H. E. Partridge's discourse at Pine on Sunday, "Righteousness—A Nation's Safeguard."

The audience seemed to appreciate the reference made in connection with this along the line of our great nation and its leaders being actuated, guided and standing in this mighty bulwark of safety, which so far had kept us out of war and with a continuance of which would safeguard us unto the end.

The closing remarks were made along sane and sensible lines of advice as regards rural home life, how to make it attractive to both the boys and girls, thus checking the awful drain and drawing of our children to town and city life.

The following expression from the people was endorsed as presented by me, by a unanimous rising vote:

"We the neighbors and friends of Mr. John Kendig, wish to voice our deepest and most heartfelt gratitude and appreciation for the noble sentiment expressed in his invitation to the day's enjoyment, and his words of commendation of his co-worker, Supt. Carlton; portraying a sentiment actuated by a true follower of the Almighty, who's blessing he invoked upon us."

"May his remaining years be spent in harmony with the true and noble principals enunciated in his kind expressions, and with Heaven's choicest blessings attending his future."

Judging from the expressions of those bidding us good bye, our closing remarks must have earned some comment. With an expression of thanks given, an assurance of a good report in the Star we started for home carrying with us the assurance that our broad invitation to come to the Board of Trade, when in Ocala, where they could rest in comfort, secure the government bulletins, read the daily papers, and feel at home would be accepted.

It is a community truly blessed with good honest yeomanry, best neighbors and friends. J. D. Rooney, Special Representative of the Star. Ocala, September 11, 1915.

### A Subdued Vocalist.

"Pa, you sing bass in the choir, don't you?" asked Bobby Smithers. "Yes, my son," replied Mr. Smithers. "And you sing soprano?"

"That's right." "Well, there's one thing I don't understand."

"What is it?" "Mrs. Tompkins says you sing mighty big in public and mighty small at home."—Birmingham Age-Herald.

### Portugal.

Portugal obtained its name from port, the haven or port where the Gauls landed their stores. This is Oporto, called by the Portuguese O Porto (the port). The town was given as a dowry to Teresa when she married Henry de Lorraine, who styled himself Earl of Portugal because the place was known as the portus Gallorum (the port of the Gauls). The name finally extended to the whole country.

### Taxicabs in 1711.

Something over a couple of centuries ago the principle of the taxicab was known, remarks an exchange. An advertisement in the London Daily Courant of Jan. 13, 1711, announces that at the Sign of the Seven Stars, under the piazza of Covent Garden, a chariot was on view that would travel without horses and measure the miles as it goes. It was capable of turning and reversing and could go uphill as easily as on level ground.

### TO THE PUBLIC
